

# Bulk Contract Dispositions Now Available

**Bulk Contract Dispositions are now available to ASSET 4.1 users!**

Portfolio clean up can now be done quickly and easily using ASSET's new Bulk Disposition functionality. You now have the ability to allow users to simultaneously dispose of multiple contracts that have fulfilled their contractual obligations and no longer need any user intervention.

**Bulk Disposal is as easy as .....**

1. Contracts that meet auto-disposal criteria are brought to screen
2. User selects which contracts to auto-dispose
3. Upon "Finalization" contracts are disposed within ASSET

## Benefits to Your Business

- Automation of disposal process reduces manual intervention, and therefore time, required by your staff
- Significant reduction in the margin for error
- Quickly identify paid in full contracts
