INTEGRATION

Your payment of \$536.15
was due on August 5th.

A smarter, better, faster way to communicate with your customers.

INFINITY ASSET is integrated with Solutions by Text Two-Way texting solution. The INFINITY ASSET/Solutions by Text integration will allow an INFINITY ASSET user the ability to directly communicate with your customers in real-time. Additionally, the integration can automatically send out billing reminders, payment link, and collection reminders.

The INFINITY ASSET/Solutions by Text integration solution offers:

-  Access to the fastest growing communication medium in North America, with thousands of text messages sent daily in the US and Canada
-  99% of text messages are read
-  Your customers can respond on their own time
-  Greater degree of customer responses to collection notices
-  Collectors can communicate with your customer at their leisure and from different locations
-  Ability to auto send NSF notifications, insurance reminders, and contract end of term notifications
-  An inexpensive way to reach virtually everyone you need, and makes it easy for customers to pay you back
-  Real-time two-way interaction with your customers
-  Decreased collection losses
-  Reduced number of collection days
