Find the answers you need, when you need them.

ClearView is an interactive business intelligence tool that takes self-service reporting and data analytics to the next level. Seamlessly embedded within Casitron, ClearView allows users to create custom reports and dashboards whenever they want.

### ClearView empowers users to:

-  Find answers on their own
-  Gain deeper data insights
-  Make well-informed decisions faster
-  Perform advanced reporting on their data

### Users enjoy these benefits:

- **Flexibility:** Build reports based on your unique needs and schedule them to run as needed; export data to a variety of formats (PDF, Excel, Word, etc.).
- **Superior UX:** Interactive drag-and-drop interface enables users to easily perform multiple functions, including advanced reporting using built-in calculations.
- **Customization:** With over 35 pre-formatted data visualizations, users have several options for data presentation.
- **Quality commitment:** Receive the same level of security and outstanding support that defines the Casitron experience.
